|----|--------------------------------------|---|
| 01 | Supplies people can send | Supporters choose from the needs you publish. |
| 02 | Pets people can discover | Give every adoptable animal a place to be seen. |
| 03 | Supporters who stay connected | Share the care behind every animal's story. |
| 04 | Tools your team can use | Keep pet information and everyday tasks together. |

The supplies you need

Help starts with a clear request.

You choose the essentials

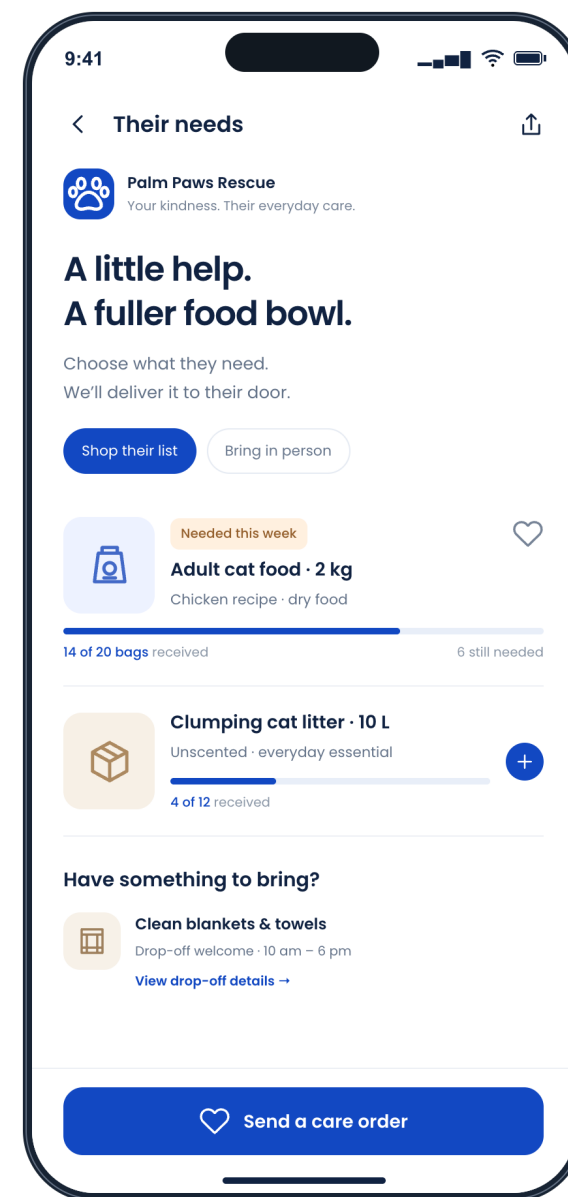

Publish the products and quantities your animals need.

Supporters place charity orders

People can buy those items for your organization through Barkiva.

More ways to contribute

List needs outside our catalogue so local supporters can bring them to you.

A simple, shared commitment

Barkiva provides

- Help setting up your profile and needs
- Promotion of your animals and stories
- Partner materials with your QR code
- Support for agreed launch activities

Your organization contributes

- Current pet profiles and needs
- Responses to adoption enquiries
- Recommendations to your community
- Visible Barkiva partner materials

Your QR code leads people to your animals, your needs and your story.

Getting started

We help you prepare the first profile, pets and needs.

- | | | |
|-----------|-----------------------------|--|
| 01 | Meet your team | Agree priorities, delivery arrangements and a main contact. |
| 02 | Set up your presence | Prepare your story, adoptable pets and first needs. |
| 03 | Launch together | Share your QR materials and launch a focused campaign. |
| 04 | Review what helped | Review support and adoption enquiries. Hear feedback from your team. |

An initial pilot gives both teams a clear starting point.
